

Pacific Pump and Power

Godwin Pumps Distributor

Rental * Sales * Service

OCTOBER 2007 NEWSLETTER

It's been an interesting month here at Pacific Pump and Power. We brought in even more new pumps, expanding our inventory to better serve you, our clients, throughout the islands. Early in September, we put some of that new gear to use when our neighbors called for assistance with a foundering dry dock. Pacific Pump and Power responded first with a gas trash pump and six electric submersibles, from 4" up to 8", to help bring the situation under control. Four of our big diesels followed. Detached from their trailers and deployed by crane, these 8" and 12" Godwin Dri-Prime pumps were stationed on deck and quickly began dewatering the flooded hulls.

Operating at a combined capacity of over 25,000 gallons per minute, these pumps helped crews get ahead of the incoming seawater, and re-float the vessel. Of course, it was only the prompt response and sustained teamwork of many skilled professionals that recovered this vessel. While we regret that the whole event took place, we are at least proud to have been included on the team.

(2) DPC300CS and (2) CD225MCS*

CD225M Feature

The 8" CD225M Dri-Prime is an extremely rugged pump, capable of flow rates to 3100 gpm, total dynamic heads to 180 feet, and solids handling capabilities up to 3-1/8" in diameter. The CD225M also features the unique Godwin high pressure oil bath mechanical seal that allows for indefinite dry running, perfect for intermittent flow applications. All of these features come standard on a highly maneuverable highway trailer or compact skid for convenient use.

Call 672-8198 or Visit us at Campbell Industrial: 91-503 Nukuawa Street, Kapolei

42 Pumps Available for Rent or Purchase

Dri-Prime Pumps - CD Series, High Volume, Medium Head, Large Solids-Handling Capabilities - 25 AVAILABLE

- DPC300 12" Diesel, up to 5000 gpm, up to 115' of head,
- CD225M 8" Electric Pumps, up to 3500 gpm, up to 120' of head
- CD 225M 8" Diesel, up to 3100 gpm, up to 183' of head
