

More Stainless Steel Pumps in Hawaii

Operating PVT Landfill, PVT Land Company, Ltd. purchased a new pump for the Leachate Collection System. They have tried an assortment of pumps in the past to solve their problem of removing water and none of the pumps have held up to the brackish conditions in their system.

Mody Pumps produce a pump that is specifically designed for this purpose (model # G506T/316SS, 4" Stainless, up to 125gpm or up to 170' of head). This pump has been sold to landfills across the country but this is the first one to enter the Hawaiian Islands.

Bill Lyon from TerraPac, LLC assisted PVT Land Construction, Ltd. in the procurement of this pump and the installation.
