## Helping with the Tsunami clean up in Hawaii

Pacific Pump and Power is working with B&B Pumping Services, LLC on the Big Island of Hawai'i to clean up the debris left behind by the Tsunami from the Sendai Earthquake that occurred on Thursday, March 11, 2011.

The Tsunami caused a surge that washed sand and debris into the lagoons, pools and spas. Pacific Pump and Power is helping in the effort with a 6" CD150M Critically Silenced Godwin Dri-Prime pump and a 4" CD103M Critically Silenced Godwin Dri-Prime Pump.

B&B Pumping Services, LLC is busy with the property divers removing foreign materials from the ponds. Material removed is primarily being placed in large geo-textile bags in order to be hauled away. These bags hold in the solids and allow the water to drain back into the ponds.

The Four Seasons Resort Hualalai in Kailua-Kona is the first and only AAA Five-Diamond and Forbes Five-Star resort on the Big Island of Hawai'i. The resort reopened their doors on April 30, 2011. As you can see in the top three pictures the resort is back to its full beauty!
