Sewer Bypass on Maui

Pacific Pump & Power was hired by a contractor to do a sewer bypass at a pump station on Front Street in Lahaina, Maui while they tied in a new force main that they installed to the existing system.

In order to rest assured that there would be no issues with the bypass work, the contractor had Pacific Pump and Power bring in experienced pump experts from our Oahu operations to monitor the pumps 24/7. They had us install automatic float controls on the back up pump along with telecommunications to automatically call backup in the event of an emergency. In the end the bypass went very smoothly with no hiccups!

If there is anything we can do to help you with your sewer bypass needs, do not hesitate to call 808-672-8198, **anytime**, or email us at Sales@HawaiiPumps.com.

Call today at 672-8198 or visit us at Campbell Industrial: 91-503 Nukuawa Street, Kapolei
