

Pacific Pump & Power has been working more on the Power side of our business. As you may have read in some of our previous newsletters, we now represent Atlas Copco air compressors and generators for the Hawaiian Islands and Guam.

Recently, we have been investing more into our rental fleet to increase our pneumatic capabilities! Our equipment is meticulously maintained and operates like new machines, in lots of cases, because it is!

We recently added a couple of 185 cfm, a 250 cfm, a 400 cfm and a 750 cfm compressor to the fleet! We will be adding more new units to the fleet as demand continues so please let us know if we can assist you with your air needs.

If you are interested in or need assistance with compressed air, pumps, power, fusion, pipe plugs, service or operations, please call us at 808-672-8198 or email <u>Sales@PacificPumpandPower.com</u>

Check us out on the web at www.PacificPumpandPower.com

Call today at 672-8198 or visit us at Campbell Industrial: 91-503 Nukuawa Street, Kapolei
