## The Toilets Always Flush!

2022 has been interesting this year for everyone. Between inflation, war, supply chain, and Covid-19, this year has been anything but normal. One thing that has stayed normal throughout all of this is the sewers keep flowing!

Pacific Pump & Power has been very busy this year bypassing sewer around pipes in need of repair! We have had many bypasses on Oahu as well as some on Kauai and Maui so far, with lots more on the schedule. The majority of these bypasses have had our expert team take care of 24/7 pump watch to ensure the bypasses are dialed in and remain spill free.

If you need assistance with sewer bypassing, generators, compressed air, dredging, pumps, HDPE fusion, pipe plugs, service or operations, please call us at 808-672-8198 or email us at [Sales@hawaii-pumps.com](mailto:Sales@hawaii-pumps.com)
