Certified Fusible C-900 PVC Technicians

Many of our client utilize us for our fusion services. Not only are we the McElroy dealer for Hawaii with a fleet of Certified Rental Equipment and stock of new machines on island but we also have more McElroy certified Fusion technicians than anyone else in the islands. Our technicians are experienced in HDPE from small manual machines right up to the big large diameter in both butt fusion and electrofusion. Now as of today, November 15th we now can add certified by Underground Solutions in PVC Fusible C900 to our resume. As level 1 technicians we can fuse up to 12" PVC. If you have a project requiring Fusible PVC hit us up so we can help you with our local technicians and equipment.

If you need assistance with HDPE or PVC pipe fusion, dewatering, generators, compressed air, dredging, pumps, pipe plugs, service or operations, please call us at 808-672-8198 or email us at Sales@hawaiiipumps.com
