## Pacific Water Conference

For the first time in three years, Hawaii held the Pacific Water Conference and we were thrilled to be a part of it! We came out swinging with our custom built four hole Mini-Putt course, sponsored by Integrity Fusion. We built the whole thing out of HDPE pipe including a loop and a fully automated windmill!

Pacific Pump & Power would like to thank everyone who attended our booth and/or our sewer bypass presentation!

If you need assistance with HDPE or PVC pipe fusion, dewatering, generators, compressed air, dredging, pumps, pipe plugs, service or operations, please call us at 808-672-8198 or email us at [Sales@hawaiiipumps.com](mailto:Sales@hawaiiipumps.com). If there is something specific you want us to stock, let us know!
