

## Local Rental, Sales, and Service of TOYO DREDGE PUMPS!

Pacific Pump and Power is the distributor of Toyo Dredge Pumps for the Hawaiian Islands and Guam. These pumps are known for pumping the heaviest of slurries, especially sand. The product line includes submersible, vertical cantilever, line shaft, horizontal, and high pressure pumps.

American Marine Corporation used a DP75 Toyo pump at the Waikiki Beach Sand Reclamation Project Nov 2006 – Jan 2007. The pump was used to move 10,000 cubic yards of sand from about 2,000 feet offshore to a holding area on the beach. The sand was dried and moved to three phases of the beach where sand had eroded into the ocean.
