

Pacific Pump and Power Welcomes Paul Leonard as Equipment Manager

Paul will be managing and maintaining our rental fleet and inventory. He will also be helping Patrick, our Operations Manager, when requested to take care of client needs. You can reach Paul at (808) 375-2395 or pleonard@hawaiiipumps.com.

18" HDPE Pipe Now Available in Hawaii For Rental

What is HDPE Pipe?

HDPE stands for High Density Polyethylene. Because this plastic pipe is tough and flexible, it is often used for large flow and longer duration bypass applications. HDPE can be fused (melted) together to provide a continuous pipeline where appropriate, and then cut into 40 foot sections at the end of the job for demobilization.

To date we have 2,000 feet of HDPE pipe in our rental fleet. We plan to bring in more pipe as our clients request it.
