

Countywide Pump Station Renovation in Maui

Stephen Thompson from Oceanic Companies is managing the Countywide Pump Station upgrade project. Oceanic is using two 4" CD103M Electric Godwin Dri-Prime pumps running on a wireless duplex float control panel with a 6" CD150M Critically Silenced Godwin Diesel Dri-Prime pump as back-up. After Oceanic is done at the Kuau #3 Pump Station, they will move over to the Spreckelsville Pump Station where they will be switching to pumping with two 6" CD150M Electric Godwin Dri-Prime pumps with the 6" CD150M Critically Silenced Godwin Diesel pump as back-up.

Over the next two years, Oceanic will be upgrading six pump stations feeding the Kahului WWTP on Maui and a pump station in Molokai.
