The Monthly Newsletter of Pacific Pump and Power, Distributor of Godwin Pumps®

Rental • Sales • Service

January 2011

## Pacific Pump and Power is EXPANDING!!!

PPP has broken the 100 pump mark with a total of 100 pumps in our rental fleet! With a range from a 1 1/4" pneumatic diaphragm pump all the way up to a 12" DPC300 Godwin Dri-Prime pump, we can meet all your fluid transfer needs (see page 2 for a breakdown of equipment).

Deliveries will be faster and more efficient as we have purchased a new delivery truck! You can now count on more of the high quality service that you have grown to expect as Pacific Pump & Power will be using our new truck to do almost all deliveries rather than sub-contracting out. This means that when you have pumps delivered to your jobsite the driver will also be a knowledgeable pump operator/mechanic! We look forward to seeing you more at your job site!

## Price adjustment effective January 19, 2011

It has been a pleasure to serve you in the past and we look forward to doing business with you in the future.

Pacific Pump and Power has always been proud to offer mainland rental rates and mainland list pricing. Some of our suppliers including Godwin Pumps and Cherne Industries, Inc. have increased their rates for 2011. Pacific Pump and Power will increase to maintain these mainland rates.

Price increases will be limited to approximately 4 - 8%.

Sales orders placed between now and end of business day, Wednesday, January 19, 2011 will honor the 2010 pricing. After this date, new pricing will be in effect. Our rental pricing will increase effective Tuesday, February 1, 2011.

Pacific Pump and Power strives to be your best and easiest solution for fluid pumping and power generating needs and will continue to do so in the future. We will continue to provide you with the industries best products, people and service.

We look forward to continued business together.

*Call today at 672-8198 or visit us at Campbell Industrial: 91-503 Nukuawa Street, Kapolei*
