## Pumps in Guam!!!

Pacific Pump and Power's CEO, Jeremy Leonard and General Manager, Paul Leonard went to visit the Island of Guam last week to look into a yard set-up so that we can provide the same great service there as we do in the Hawaiian Islands.

They met with many contractors and are working with them to learn and discuss which equipment to have in our planned rental fleet to suit the needs of the growing island.

Over the next few years, there will be many exciting changes happening in the Island of Guam. Two new hospitals are being constructed, port renovations; extensive improvements and expansion for Guam's military facilities and a great deal of municipal utility upgrades. Pacific Pump and Power strives to be the best and easiest solution for fluid transfer needs for Guam as well as for Hawaii.
