Sewer Bypass on Komo Mai Drive

Late Monday evening, after rush hour traffic, Pacific Pump and Power set up a sewer bypass on Komo Mai Drive for Insituform Technologies (cured in place project).

PPP worked efficiently in spite of the downpour of rain to have the bypass up and running in time for Insituform to line the pipe, then have the entire bypass torn down before the morning traffic rush.

Two road ramps were required for this project.

Another successful bypass with minimal disruption to the general public!

Our mission statement is:

"We will be the best and easiest solution for fluid pumping and power generating needs for all of our existing and future clients on the Hawaiian Islands and Guam."

Pacific Pump and Power has attained our C-43 Sewer contractor license so that we can provide turnkey bypass operations to our existing and future clients to further our mission to be the easiest solution for fluid pumping needs in Hawaii and Guam.

Call today at 672-8198 or visit us at Campbell Industrial: 91-503 Nukuawa Street, Kapolei
