Rental • Sales • Service • Operations

## Pacific Pump & Power Represents Flygt Construction and Mine Dewatering

Pacific Pump & Power has become the Flygt Construction and Mine Dewatering distributor for Hawaii and Guam. We will be covering all aspects of the market including sales, parts service and rental. We have committed to stock pumps for both purchase and rental as well as an inventory of parts.

PPP is not new to submersible pumps. We have a fleet of over a dozen submersible rental pumps in addition to the new Flygt pumps we have brought in ranging in size from 2" to 8". Also as you can see on the next page we have a stock of wire, control panels, soft start panels, float controls and parts for all our pumps. We have focused mostly on bringing in stock of Flygt's high head submersible pumps to suit Hawaii's harsh brackish and salt water conditions. If you have any need for submersibles pumps, please let us know.

**No matter what your pumping needs are, Pacific Pump & Power has the best solution for you!**

## Basic Hydraulics and Portable Pump System Design Course # 225

This year's free pump 101 training course is coming up next week! The course schedule is as follows:

Tuesday, May 22nd at the Kihei WWTP training room in Maui

8:00am - 3:00pm with a 1 hr lunch

Wednesday, May 23rd at the Kauai Waste Water Management Office conference room

8:00am - 3:00pm with a 1 hr lunch

Thursday, May 24th at the Sand Island WWTP upstairs training room

8:00am - 3:00pm with a 1 hr lunch

Limited space still available, call or email Hoku to reserve a spot ASAP if you would like to attend

(808) 672-8198 or [Hoku@HawaiiPumps.com](mailto:Hoku@HawaiiPumps.com)

*Call today at 672-8198 or visit us at Campbell Industrial: 91-503 Nukuawa Street, Kapolei*
