## PACIFIC PUMP AND POWER MAKING A DIFFERENCE

This holiday season, Pacific Pump & Power (PPP) is working hard to make a real difference in the world. Work for All, which we support to help end systemic poverty, is being established as a tax-exempt charitable organization in the U.S. Work for All's goal is to combine the resources of businesses across the developed world to enable all people, possessing initiative and ability, with the means to improve the human condition for themselves and their families. Work for All is not interested in giving handouts. Rather, it is working to provide infrastructure such as roads, schools, hospitals, loans, and benevolent government.

From the inception of the Canadian Work For All organization in 2009, we

**Work for All supports WaterCan, helping the world's poorest gain access to clean water, basic sanitation and hygiene education.**

have already been making a difference. Now, as a U.S. charitable organization, Work for All can achieve even more. The U.S. organization is directed by 3 local professionals including our CEO, an attorney with a well respected legal firm based in Honolulu and an accountant with an established accounting firm, also based in Honolulu.

None of the funds are spent on the directors of the foundation. This is a labor of love. PPP is covering all out of pocket costs to keep our donations focused on Work for All's efforts to eliminate systemic poverty in the world.

See our website at [www.workforall.com](http://www.workforall.com) to read through our past two years of newsletters and find out more about what we are doing.

- Paul Leonard

### We Need Your Help

We are requesting a nominal monthly donation from all the business units with which we work. This donation can be \$50, \$500, or \$5000 per month, depending on the size of your business.

We want you to give an amount that will not detract from your business activities or the support you are providing to your families or others.

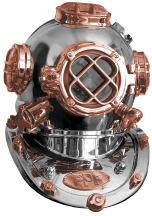

There are over ten million businesses in the developed world. We want to combine our forces – together we can make a difference!

Work for All accepts credit cards, PayPal, and automatic withdrawals as well as lump sum yearly donations. One hundred percent of your donation is tax deductible.

In return, Work for All will email our monthly newsletter, suitable for printing and posting at your work place.

Your employees and customers will be able to see that you are committed to make our world a better place!

Please email our General Manager, Paul Leonard, at [PLEonard@hawaiiipumps.com](mailto:PLEonard@hawaiiipumps.com) to partner with us.
