Sewer Bypass at Royal Hawaiian!!!

Pacific Pump & Power is working with Alaka'i Mechanical on bypassing sewers in Waikiki so that they can line the existing sewer lines with new cured in place pipe.

This project has been split it to two separate bypasses. The first one included four 6" CD150M Critically Silenced Dri-Prime pumps and two 4" CD103M Critically Silenced Dri-Prime pumps. The second bypass utilized six 6" CD150M Critically Silenced Dri-Prime pumps and two 4" CD103M Critically Silenced Dri-Prime pumps. Alaka'i set up and monitored the bypass with the assistance of a PPP manager to direct their crews.

This high profile bypass has been a great success for Pacific Pump & Power and Alaka'i Mechanical!

Call today at 672-8198 or visit us at Campbell Industrial: 91-503 Nukuawa Street, Kapolei
