## Turn Key Sewer Bypass in Kaimuki

An 18" sewer line needed to have a Cured-In-Place Pipe installed in it in Kaimuki last month to increase the longevity of the old sewer line. The general contractor who got the job hired Pacific Pump & Power to deal with the sewer flows while they worked in the pipe. We started work at 6:00am, had the bypass pressure tested and running by 10:00am. We monitored the bypass system all day and removed the bypass at 8:00pm that same evening to minimize impact on local residents.

Pacific Pump & Power has our C license so that we can do turnkey sewer bypasses in Hawaii. We have Hawaii's largest fleet of pumps, hose, fittings, pipe plugs, piping and other bypass equipment by more than 1000%!

If there is anything we can do to help you on your project, big or small, do not hesitate to call 808-672-8198 **anytime** or email us at [Sales@HawaiiPumps.com](mailto:Sales@HawaiiPumps.com)

Call today at 672-8198 or visit us at Campbell Industrial: 91-503 Nukuawa Street, Kapolei
