Product Line Expansion

Pacific Pump and Power has expanded our line card to include the largest Air Compressor company in the world, Atlas Copco! We are now officially a distributor for both Atlas Copco's stationary Compressor branch and their construction branch. We have already brought in stock of a couple new portable compressors and a couple generators and will bring in more stock to fulfill demand. To show our commitment we have already sent our General Manager to the Atlas Copco factory for Factory training!

We are expanding our rental fleet to include more Generators and Compressors as well as Light towers as demand dictates.

If you have any Compressor, Generator, or Light tower needs please call us at 808-672-8198 anytime, or email us at Sales@HawaiiPumps.com.
