HDPE Fusion Training

Last month, Canada Pump & Power - Pacific Pump & Power's sister company - brought in our McElroy instructor to teach McElroy University Course TR201- the Medium Diameter Fusion Operator Course - to 58 drainage operators at Suncor! This training was done over four, two 12-hour day sessions on the client's site in Fort McMurray, Alberta, Canada. This was a very efficient way to get their crews certified.

This certification allowed all four of their shifts to ensure they are fusing pipe consistently across all crews. With this training, they can be confident that their joints going forward are the strongest parts of the pipe!

Pacific Pump & Power plans to hold a Small/Medium Diameter Combined Course at our Oahu yard on September 7th, 8th, 11th & 12th. Please call or email us to sign up. Space is limited so sign up soon!

If you would like HDPE Fusion Training for your crews, please call us at 808-672-8198 or email Sales@PacificPumpandPower.com.

Call today at 672-8198 or visit us at Campbell Industrial: 91-503 Nukuawa Street, Kapolei
