Dewatering Bins!

Pacific Pump & Power sold a dozen custom built dewatering bins to City and County of Honolulu! These bins were built to meet their exact customized specifications to suit the process that they use them for.

Waterproof seals, custom sizing, custom latches, special 360 swivel wheels, a specially designed hitch and even custom paint colors, these bins are built to customer specification to be the best solution for their needs. Our supplier did a great job of meeting the clients expectations including their engineered drawings, they got these bins manufactured to match those drawings and they sent them out to us months ahead of the deadline!
