Thank You for Stopping by Our Booth!

Last week Pacific Pump & Power exhibited at the Pacific Water Conference in Honolulu. The event was an excellent success!

It was great to get face to face with so many of our clients and an excellent opportunity to learn more about ways we can help assist making your lives easier going forward.

Our General Manager was a speaker at the conference and had a very well attended talk on Friction Loss in Piping Systems. Thank you all for your positive feedback on the talk! If you are looking for more information on the topic, let us know and we will be happy to help you any way that we can. Also, if there is a topic in our field that you would like us to cover in future training let us know.

We are planning to hold a Simple Troubleshooting course this spring in Oahu, Kauai, Maui and Hawai'i, dates to follow. If you are interested in attending, please contact us.

If you are interested in, or need assistance with fusion, compressed air, pumps, power, sewer bypass, pipe plugs, service or operations, please call us at 808-672-8198 or email
