APRIL 2020 Newsletter

Things Are Pumping Along

Our sympathies go out to all of the businesses and individuals that have been negatively affected by COVID-19. As an essential business, we have been very busy with many ongoing bypasses for both clean and dirty water. We thank you all for your support and strive to do our very best to assist you despite these trying times.

Our crews are still working our normal business hours and, as always, our 24 hour emergency response is still picking up our phones. The sewers do not sleep!

If you need assistance with sewer bypasses, compressed air, pumps, power, HDPE fusion, pipe plugs, service or operations, please call us at 808-672-8198 or email us at Sales@hawaiiumps.com
