Air Upgrade!

Greenleaf Woodworks Inc, the Islands leading custom cabinet manufacture, upgraded their old air compressor to a new G7FF 125 Atlas Copco compressor. This new full feature compressor gives their shop a steady source of reliable air to handle all their machinery and tools.

Tim Greenleaf, owner of Greenleaf Woodworks Inc, scored the service he received from Nora as 5 Stars, excellent! He said we were easy to work with and "I could tell the quality of the air changed for the better when I replaced my air compressor. It's quieter, drier, and I have more air. My equipment performs way better."

If you need assistance with compressed air, sewer bypassing, pumps, power, HDPE fusion, pipe plugs, service or operations, please call us at 808-672-8198 or email us at Sales@hawaiiumps.com
