## Generators in Stock!

Pacific Pump & Power has been know for Pumps for many years. Power has not been as big a part of our name, but we have been focusing on increasing our Power presence in the islands. We currently have multiple new mobile diesel generators as well as multiple new industrial air compressors in stock. We also have trailer mounted diesel air compressors for stock on their way!

In addition to the big stuff, Pacific Pump & Power has also recently become a Honda Power Equipment and engine dealer. Our stock of new engines, pumps and generators are still on backorder with Honda, but we do have Honda trained technicians and parts in stock!

If you need assistance with power, compressed air, sewer bypassing, pumps, HDPE fusion, pipe plugs, service or operations, please call us at 808-672-8198 or email us at [Sales@hawaiiumps.com](mailto:Sales@hawaiiumps.com)
